Interested in a Career with Euro Energy Group? There are major shortfalls facing the retrofit industry. To scale up and meet decarbonisation goals, thousands of specific trades and professions need to be educated and trained to fill the skills gap. We can not deliver our vision without meaningful investment in people and training. We recognise

Retrofit is the assessment of energy in an existing property, and the installation of new material and technology in order to reduce the amount of energy needed to occupy that building.. Euro Energy Group are strong advocates of the a "whole-house" approach to retrofit as the only option to provide the most benefit to a property and occupiers; resulting in huge financial, health and ...
