

100ah battery cabinet Brazil

Extend UPS autonomy with the BB7 battery cabinet developed by AEC! A battery cabinet is a device designed to hold batteries used to power an Uninterruptible Power Supply (UPS) system. In the event of a power outage, the UPS system ensures that your devices continue to operate thanks to the energy stored in the batteries in the battery cabinet.

Each battery pack requires a BMS to monitor the voltage of the battery pack and increase the service life of the battery pack. Provide protection against overcharge/over discharge/over current, short circuit, over temperature, etc...

The battery cabinet can be customized: BMS, High voltage, High current, Compatible with 20 brands inverters, such like Deye, Goodwe, Sofar, Luxpower etc. 4. Smart BMS protection: Monitor battery status in real time and balance discharge.

Our battery cabinet is the perfect solution for creating additional space by replacing sealed lead acid battery, or when there is a need for a maintenance free, long lasting, self-sufficient battery back-up solution. The cabinet comes pre-wired from the factory, ready to install. Its modular design permits more
