Who is Ade power?

ADE Power have constantly driven change and created innovative solutions for the worldwide power generation & distribution market. Our philosophy and ambition to grow, understand and develop our products has left us with a legacy of being experts in generators, supporting products, switchgear, acoustic and modular housings/enclosures.

What can Ade power do for You?

Acoustic, Modular, Switchgear, Data Centres, Offshore, UPS, Generators, Protection & Relay Rooms... & more. ADE Power set the global benchmark with a market-leading range of power generation, control & distribution solutions along with bespoke containers, modules & enclosures built to meet a wide-range of restrictions.

Who is Ade Australia?

ADE Australia was opened in Hexham, New South Wales, allowing ADE to strengthen product offerings & project opportunities in the APAC region. ADE Power manufacture bespoke enclosures, modules and containers for a wide-range of industries & applications.

What makes Ade Power Limited unique?

ADE Power Limited employs a quality-centric culture based on awareness, transparency, responsibility and commitment, covering every aspect of our business.

Who is responsible for Ade power project management?

As part of the ADE Power commitment to delivery and cost, every ADE Power project, irrespective of scale, will be directed by one or more of our dedicated project managers, who will oversee it from proposal to delivery.

What happened to Ade power?

In 2021 ADE was acquired by the PBE Group and formally renamed ADE Power, further enhancing PBE's comprehensive range of services as a crucial partner on large-scale projects. Within a year of PBE's new ownership, capacity in the UK had been doubled due to investment and expansion of the existing facilities.

ADE Power has over 20 years' history as a supplier of excellence in the power generation market, and is one of the UK's largest distributors of top-quality new generators. With a large inventory of generators held in stock ranging from 7 kVA to 3000 kVA, ADE Power provides convenience and efficiency in generator sales.

ADE Power has over 25 years of experience at the forefront of the power equipment packaging industry - designing and manufacturing precision engineered, purpose-built acoustic and modular enclosures, housings, and modules, for the packaging of industrial power generation, switchgear, energy storage, data centres, fuel
