

# Ariya finergy St Vincent and Grenadines

The Kenyan company Ariya Finergy Limited intends to use the loan to finance several photovoltaic solar plants with an expected total capacity of 4 MWp as well as battery systems in East Africa. Construction of some projects has already started and the remaining projects have been identified, many of which are in the final stages of procurement.

Ariya Finergy is an energy and power stabilisation solution. They provide services that include stabilization systems, batteries, and solar PV & thermal. They offer operations and maintenance services throughout the lease period and beyond if requested.

Ariya's innovative floating solar project, which was funded in the last crowdfunding round, was named Best Project of the Year in June 2022. In addition, the Managing Director of Ariya Finergy 2021 was awarded Woman in Solar of the Year by the ...
