Why should Bosnia and Herzegovina adopt the NECP?

With the adoption of the NECP, Bosnia and Herzegovina should seek to improve the country's long-term resilience, advance its economic diversification and competitiveness, and to secure its energy supply and sovereignty by harvesting its natural renewable resources.

Who is attracting foreign investment to Bosnia & Herzegovina?

The government agency responsible for attracting foreign investment to Bosnia and Herzegovina has successfully pitched the municipality of Grude to Norwegian renewables company Greenstat. Bosnia's Foreign Investment Promotion Agency (Fipa) said last week that the Bergen-based developer has started working on the 45 MW Petjnik solar plant.

During the previous period, companies in Bosnia and Herzegovina have shown the greatest interest in generating electricity from renewable sources - particularly in the installation of solar power plants, ...

During the previous period, companies in Bosnia and Herzegovina have shown the greatest interest in generating electricity from renewable sources - particularly in the installation of solar power plants, enabling a reduction in the carbon footprint of production facilities and products.

Bosnia and Herzegovina has submitted its draft National Energy and Climate Plan (NECP) within the deadline. The 2030 climate and energy targets have been properly reflected in the draft NECP. A public consultation and regional consultation on the draft NECP has not taken place. Bosnia and Herzegovina has not defined the 2030 climate target

Bosnia and Herzegovina is well endowed with renewable energy resource potential; however, the sector is still in its initial stage of development. While biomass is the most abundant renewable energy resource, there is also significant potential for solar PV and wind power.

SARL BERGAN ENERGY se pose comme un maillon fort de ce qui pourrait devenir un réseau d'intégrateurs locaux, capables de répondre aux demandes d'une future industrie automobile en Algérie.

National Energy and Climate Plan of Bosnia and Herzegovina (NECP). The plan should contain clear
