

Berlin shared solar container project tender announcement

Does Germany have a solar-plus-storage innovation tender?

Image: Baywa r.e. The German Federal Network Agency (Bundesnetzagentur) has awarded 587MW of solar-plus-storage in its latest Innovation Tender. As has been the case in many of Germany's recent solar PV auctions, the Innovation Tender ended up oversubscribed, with 154 bids made for 1.8GW of capacity out of 583MW tendered capacity.

Is Germany's innovation tender at a crossroads?

Germany's innovation tender is at a crossroads. While solar auctions are booming in Germany, their restrictive design has led to lower volumes of co-located solar and storage projects, limiting their economic benefit.

What are Germany's innovation tenders?

Germany's Innovation Tenders are cornerstones of Germany's energy transition as they serve to incentivise efficient integration of intermittent renewable energy set to enter the German power market.

What is the innovation tender?

The Innovation Tender solicitations were launched in 2020, and are open to project bids that combine two or more renewable or clean energy technologies. To date, it has seen only bids for solar PV and battery projects, but for the first time in the latest round, wind projects combined with energy storage received bids.

How can smart tender design help reduce renewable curtailment costs in Germany?

Smart tender design, allowing storage systems to charge electricity from the grid and earn additional revenue from wholesale market participation, will improve project economics and has the potential to reduce the ever-increasing cost of renewable curtailment in Germany.

How many MW of solar-plus-storage capacity will be awarded?

Both capacity bid for and awarded were higher than the previous innovation auction held in July 2024, which awarded 512MW of capacity for solar-plus-storage projects. The Innovation Tender solicitations were launched in 2020, and are open to project bids that combine two or more renewable or clean energy technologies.

Germany has concluded its latest round of Innovation Tender, with 43 solar-plus-storage projects totalling 512 MW awarded contracts. The deadline ...

Bundeswehr-Dienstleistungszentrum Berlin Germany has Released a tender for Announcement Framework Contract Laundry Performance Bwkrhs Berlin in Services. The tender ...

This system is realized through the unique combination of innovative and advanced container technology. Our
