Our service support personnel are standing by to answer questions, solve problems, and help you get the most out of your Bren-Tronics products. Their thorough product knowledge and "can do" attitude puts you, the customer, first.

Who is Bren-Tronics?

From our first primary battery in 1973 to our high-capacity li-ion batteries of today, Bren-Tronics has been leading the way in energy storage and charging solutions. Read more As the pioneers of the U.S. military's first rechargeable batteries, our Engineering team continues to look forward and design for the future.

How many employees does Bren-Tronics have?

It has approximately 280 employees in the US, UK and France. Bren-Tronics will be integrated within EnerSys' Specialty line of business.

Did EnerSys buy Bren-Tronics?

August 2, 2024: International battery company, EnerSys, announced on July 26 that it had closed the acquisition of Bren-Tronics, a manufacturer of portable power products for defense customers, including small and large format lithium batteries. EnerSys CEO David Shaffer had confirmed in early May that the acquisition was going to go ahead.

Will Bren-Tronics join EnerSys?

Bren-Tronics will be integrated within EnerSys' Specialty line of business. Bren-Tronics CEO Sai Fung said that combining with EnerSys "is an exciting opportunity" that will make it possible for the two organizations, "to leverage our respective strengths to solve critical DOD energy storage challenges together".

EnerSys bought Bren-Tronics for an all-cash transaction of \$208 million. The purchase price represents approximately 8.7x Bren-Tronics' adjusted EBITDA for the 12 months ending December 31, 2023. The transaction will be immediately accretive to EnerSys.

From our first primary battery in 1973 to our high-capacity li-ion batteries of today, Bren-Tronics has been leading the way in energy storage and charging solutions. Read more
