Burkina Faso's transitional parliament has approved a conventional loan agreement worth EUR45.7 million from the Export-Import Bank of China. The debt will finance the construction of the Donsin solar power plant and its electricity storage system.

Burkina Faso has received a US\$48 million boost from the Export-Import Bank of China to aid in the development of the Donsin solar power plant project and its accompanying electricity storage system. The project involves the construction of a 25 MW solar power plant at the Donsin airport site, located...

The aim is to increase access to clean energy by improving the financial viability of, and promoting large-scale commercial investment in, solar photovoltaic minigrids in Burkina Faso. The project will also support the government's COVID-19 recovery efforts and strengthen the resilience of vulnerable communities by supporting livelihoods and ...

List of Burkina Faso solar panel installers - showing companies in Burkina Faso that undertake solar panel installation, including rooftop and standalone solar systems.

This Burkina Faso Solar Production Report provides comprehensive insights into the statistics and developments of the solar energy industry in Burkina Faso.

We are a Burkinabe-owned solar energy company. We meet with a client who wants to contribute to reversing climate change by consuming solar-based energy in his home or business. We design and propose a solution to meet the client's energy requirements. After the client approves the quotation, we install the system.

Kaya solar starts construction. Energy minister Bachir Issa Ouedraogo launched construction on 10 September for a 10MW solar PV plant in Kaya, Centre-Nord region.

December saw the commissioning of three different solar farms in Burkina Faso, with national electricity utility SONABEL as sole offtaker. The first two were earmarked to be officially inaugurated on 16 December, namely the Kodeni solar PV power plant in the region of Hauts Basins and the P&#226; solar PV power plant
