We sell 120 watt and 240 watt solar panels, deep-cycle batteries, cables, fuses, solar charge controllers (MPPT and PWM), and anything else needed to create an off-grid, mobile and/or backup power system. These are the products necessary for achieving energy independence, and AIMS Power promises to provide that at the lowest cost possible

Due to high demand, current constraints on the electricity grid, and volatility of fuel prices, The Gambia has high electricity costs at \$0.2/kWh. Opportunity for Solar Energy To match the rising demand and to provide sustainable and accessible energy to all Gambians, the potential for solar energy investment is immense in The Gambia.

Solar Home Systems: SHS are standalone solar systems with a solar array, complete cabling, solar battery charger, battery bank and inverter having the capacity to power standard 220V appliances in residences, shops, offices, etc.

A directory of contact address details of companies that import & sell PV solar energy units & related equipment as well as solar installers & consultants in Gambia. This page has telephone numbers, some emails, faxes, websites, main locations in the Banjul area such as for Gamsolar Energy & Engineering Company Gambia Ltd.

cost-effective energy solutions for wholesale energy markets. This includes Power Backup Systems (Uninterruptible Power Supply (UPS), Power-Back up Systems, High Quality Batteries, Inverters and various options of power

Cost of home solar system with battery The Gambia

Description : This Anern 15kw off-grid solar power system project was used for personal house use. Faced with the cost of a grid infrastructure upgrade, the customer decided that going off grid was a much more reliable and cost-effective option.
