

Dale power solution Cuba

Does Dale Power Solutions provide secure power solutions?

Dale Power Solutions supplies secure power solutions to all major UK and international market sectors. Secure power solutions can be provided with battery back-up times from minutes to hours, allowing for controlled plant shutdown or continued operation.

Who are Erskine & Dale Power Solutions?

Our Erskine brand AC and DC secure power systems serve the most demanding markets. We offer a range of services, including support for all your diesel generators, gas turbines and DC UPS systems. Dale Power Solutions supplies secure power solutions to all major UK and international market sectors.

What equipment does Dale supply & maintain?

At Dale, we supply and maintain an extensive range of uninterruptible power supplies (UPS), commercial and industrial generators, and energy storage systems. We're busy gearing up for one of our most anticipated events in the exhibition calendar.

Why should you choose Dale power supply?

Widely regarded as an established global brand leader within the power industry, Dale's design and technical expertise, coupled with a network of service and installation engineers and spare parts supply means we are uniquely qualified to deliver and maintain power supplies under any conditions, in any environment.

What is a secure power solution?

Secure power solutions can be provided with battery back-up times from minutes to hours, allowing for controlled plant shutdown or continued operation. Erskine can provide secure power solutions that are either of standard design or custom-designed specifically to meet your project requirements.
