

Exus renewables Djibouti

Who is Exus renewables?

Exus Renewables is a global independent power producer focused on the development and asset management of renewable energy assets. With a strong presence across Europe, North America and Latin America, Exus takes pride in developing, owning, and operating large-scale, wind, solar and battery storage projects.

Who is Exus Management Partners?

Exus Management Partners (Exus) is a renewables asset management and development firm. We work on behalf of an increasing variety of investors to source investment opportunities, acquire assets and undertake full technical and commercial management of renewable energy portfolios worldwide.

What does Exus do?

Exus believes in producing the energy that is essential to modern life and economic development, in a way that helps protect people, the environment and the communities where we operate. We are experts in finely-tuned renewable energy investments.

What is Exus partners Energy Fund I?

Madrid - Exus Management Partners, a leading expert in powering sustainable investments through operational excellence, has launched a standalone renewable energy investment fund, Exus Partners Energy Fund I (EPEF I).

How much will Exus invest in growth capital?

Partners Group plans to commit up to EUR 1 billion in growth capital. Exus is a provider of third-party asset management and project development services for owners of utility-scale solar, wind, and battery storage projects in Europe and North America.

Where is Exus located?

Exus has a growing global presence, with offices in Spain, Portugal, France, Italy, Germany, USA, Canada and Mexico. It currently manages an operational portfolio of around 10 GW.

W najbliższych latach Exus planuje pozyskiwać kolejne strategiczne projekty wiatrowe, słoneczne oraz w obszarze magazynów energii. Firma dąży do tego, by stać się jednym z wiodących niezależnych producentów energii odnawialnej na świecie. Ekspansja Exus Renewables na rynek polski to ważny krok w budowaniu zielonej przyszłości Europy.

Exus Renewables, a global leader in renewable energy, has announced its expansion into Poland with the acquisition of a 1,056 MW seven wind farm portfolio and a 53 MW two wind farm portfolio. Poland has emerged as a key market in Exus' European expansion strategy, with the acquisitions significantly strengthening its renewable energy presence across Europe.
