

Fiamm industrial batteries Cook Islands

FIAMM Energy Technology is strongly engaged in the production and distribution of automotive batteries for motor vehicles and industrial batteries with lead-acid technology for industrial use. The company is structured in two main areas specialized in:

We offer innovative and high-performance energy storage products to meet your needs in the industrial and commercial sectors. Our wide range of products includes everything from liquid electrolyte acid batteries to long-life gel batteries, modern lithium batteries and NexSys batteries.

FIAMM Reserve Power Solutions is an internationally recognised leader in the development and supply of a wide range of industrial batteries and energy storage systems. We design and manufacture backup power solutions to guarantee the continuity of the energy supply to the critical applications when the main power is cut off.

FIAMM Energy Technology is a multinational company engaged in the production and distribution of batteries and accumulators for motor vehicles and for industrial use born following the separation from ...

Founded in 1942, FIAMM is an internationally recognised leader in the development and supply of a wide range of industrial batteries and energy storage systems. FIAMM design and manufacture backup power solutions to guarantee the continuity of the energy supply to the applications when the main power is cut off.

FIAMM Energy Technology is a multinational company that has been manufacturing industrial batteries and lead-acid batteries for motor vehicles for over 70 years. Most of the products are manufactured in Italy, where the company has developed backup batteries for industry.

Founded in 1942, FIAMM is an internationally recognised leader in the development and supply of a wide range of industrial batteries and energy storage systems. FIAMM design and manufacture backup power solutions to ...

FIAMM Energy Technology is a multinational company engaged in the production and distribution of batteries and accumulators for motor vehicles and for industrial use born following the separation from FIAMM Group of the business of automotive batteries and industrial batteries with lead-acid technology.

FIAMM Reserve Power Solutions is an internationally recognised leader in the development and supply of a wide range of industrial batteries and energy storage systems.

Fiamm Motive Power meets your industrial and commercial needs by offering high-tech energy solutions. Our wide range of products ranges from liquid electrolyte acid batteries with high energy storage capacity to
