If you pay for your system with cash, you'll save about \$117,565 over 25 years (the warranty term of most solar panels) on electricity costs with a 5 kW system in San Marino, CA. We generate this estimate based on real solar quote data from our Marketplace. It considers your system's cost, the federal tax credit, and inflation rates.

Firstsolar San Marino

Satisfying experience with First America Solar, from the first day (scheduling online meeting with Tony) to the last day (getting PTO from utility company). Tony and Dominick are quick in response, answered all my questions via Email. Given such a reasonable price, I have no complain and feel very glad to pick them to install my first solar system.
