

# French Guiana solar roof tiles price

The special feature of the IN-ROOF SYSTEM is that the solar panels are built into the roof and replace part of the tiles. This means that the roofs maintain their appearance whilst producing sustainable energy.

The combined solar roof tiles and a battery solution offers an easy-to-use monitoring system so you can track your solar roof system's performance, monitor the amount of energy it stores and how much you're saving on your energy bill.

The SOLAR FLAT-10 roof tile is designed to blend seamlessly into your roof. Thanks to its integration, it confers all the benefits of capturing renewable photovoltaic solar energy as well as presenting excellent reliability in terms of watertightness throughout the roof.

Our price includes Solar roof tiles, cuts, ridges, fittings, cables (including any extension cables used around windows, etc.), and routing to the inverter. If you also buy a Xolta battery, a Xolta authorized electrician is included in the price. And all prices are of course inclusive of VAT. Good reasons to invest in a Solar roof
