

Friem s p a Antigua and Barbuda

Where is Friem located?

FRIEM is an international group with offices, workshops, and representatives across five continents. Our headquarters is in Segrate, Milan, where we occupy an industrial area of 11,000 square metres and employ over 120 workers.

When was Friem invented?

In 1956 FRIEM produced and installed its first 50kA Rectifier Unit for application in Chlor-Alkali industry. At the absolute forefront in technology, in the early 60's FRIEM was able to manufacture units rated up to 110kA and to design the first high current Thyristor Rectifier.

Who is Friem - Aktif Elektrotechnik?

In 2009 FRIEM acquired an important participation in AKTIF Elektrotechnik (former SETAS - Electrical and Machinery Industry and Trading Inc.), established in 1981 in Ankara, which is a major manufacturer of High Voltage Mobile Substation, Metal Clad and Metal Enclosed Switchgear in Turkey and all Middle East Area.

FRIEM S.p.A. | 6,990 followers on LinkedIn. ? Expert in energy conversion since 1950 | FRIEM has been operating in the global power converters market with expertise and reliability for...

FRIEM, a global leader in energy converters since 1950, offers sustainable solutions for the energy transition and green hydrogen. For more than 70 years, FRIEM has been among the world's leading manufacturers of power converters.

In the ever-evolving landscape of energy transition, one Italian company, FRIEM, stands out as a prime example of how embracing Lean Management principles can pave the way for sustainable growth and operational excellence.

Founded in 1950 to design and build high power current converters, FRIEM has developed its experience in energy conversion for Industrial, Railway and Renewable Energy applications.

The FRIEM S.p.A. annual revenue was \$27.8 million in 2024. Who is the Chief Financial Officer and Human resource Director of FRIEM S.p.A.? Fabrizio Carnelli is the Chief Financial Officer and Human resource Director of FRIEM S.p.A..

FRIEM opera dal 1950 nel mercato globale dei convertitori di energia elettrica. Nel corso della nostra storia abbiamo fornito pi#249; di 3.000 convertitori per una potenza totale superiore ai 20 GW. Ci#242; che ci contraddistingue #232; la nostra capacit#224; di evolvere costantemente pur nella continuit#224; della nostra storia e dei nostri valori.

Friem s p a Antigua and Barbuda

Providing efficient and modular solutions, FRIEM is the perfect partner to sustain hydrogen production through electrolysis for large-scale power plants. We also play a central role in the green hydrogen supply chain and serve as a bridge between renewable energy sources and end-users in both Power-to-Gas and Gas-to-Power processes.

Friem S.p.A. Founded in 1950 to design and manufacture high power converters, FRIEM continued to develop its know-how in energy conversion for industrial, energy and mobility applications. With continuous investments in research and development, FRIEM is a worldwide leader in IGBT, thyristors or diode type high power converters, applying the ...
