Who is genus power Infrastructures Limited?

Following the idea of "SERVING SOCIETY THROUGH INDUSTRY" since inception, Genus Power Infrastructures Limited is committed towards people and society at large for bringing positive changes to the lives of mankind.

Why is Comoros a poor country?

Agriculture, including fishing, hunting, and forestry, is the leading sector of the economy. It contributes 40% to GDP, employs 80% of the labor force, and provides most of the exports. The country is not self-sufficient in food production; rice, the main staple, accounts for the bulk of imports. The Comoros is one of the world's poorest countries.

Is genus a leader in electricity metering solutions industry in India?

Currently Genus is among the largest players in electricity metering solutions industry in India, with 27% (approx) market share and is poised to scale new heights both locally and globally.
