

Guernsey solarplus energy solutions

If you're looking to install your own renewable energy system, we'll help you design and install a system that is suitable for your needs, your property and your budget. Please note that we currently do not supply and install solar PV, but we do offer a maintenance and repair service.

I'm self-employed and run a small business that specialises in solar photovoltaic and bespoke renewable energy solutions. I have a small team of roofers and scaffolders experienced and trained in undertaking every type of solar installation.

A solar panel project at a Guernsey charity is now complete and will power about 40 homes, Guernsey Electricity said. There are 310 photovoltaic panels on the roof of the newly reopened...

We've been providing energy solutions to the Channel Islands for almost 200 years. Do you want to learn how you can save on your energy costs with Guernsey Energy? visit our website and view & buy our products or services.

The energy landscape is changing at an unprecedented pace as countries of all sizes seek sustainable ways to fuel their futures. In smaller communities, the need to find renewable, reliable energy solutions is even more pronounced as they cannot leverage the economies of scale available to larger regions.

Efficient and environmentally friendly, the use of solar PV or solar panels in Guernsey is on the up. A fantastic investment, they are a great way to reduce your carbon footprint and make your home or property more energy efficient and eco-friendly, whilst also offering a greater financial return than savings in the bank.

5 · In 2023 Guernsey Electricity worked in conjunction with The Little Green Energy Company to install the vast community-scale solar array at Grow Limited's newly redeveloped headquarters. The 310 photovoltaic (PV) panels will produce 129-kilowatt peak power (kWp).
