

Ineos energy Moldova

Who is INEOS?

We are an energy company committed to meeting the needs of our customers today and throughout the energy transition. We are a key supplier of energy and carbon storage solutions to our internal INEOS customers as well as third parties. We produce and trade oil, gas, Liquefied Natural Gas (LNG) and carbon credits.

Where is INEOS energy located?

INEOS Energy operates a number of key producing offshore assets across the UK and Danish parts of the North Sea along with onshore assets in South Texas, USA. We continually put safety and reliability of supply as a core principle across our operations in both Europe and the US.

What does Ineos energy do?

At INEOS Energy we produce and trade oil, gas, liquefied natural gas (LNG) and carbon credits. This is supported by our investments in low carbon technologies, which will help sustain our business through the energy transition.
