What is Iris Power LP?

Iris Power offers a comprehensive range of sensors, diagnostic instruments, and software for condition-based monitoring. Iris Power LP was established to provide high-quality products and services to improve maintenance capabilities for large motors and generators used by power utilities and heavy industries throughout the world.

Who is Iris Power?

Senior Engineer, Silicon Valley Power We go above-and-beyond to ensure success the success of our customer's condition-based monitoring initiatives. Iris Power offers installation supervision and commissioning services for all sensors and instruments to ensure optimum performance and configuration.

How do I contact Iris Power?

Iris Power sensors, instruments and software for condition based monitoring of motors, generators, switchgear, isolated phase bus and dry type transformers. Call us at +1 905.677.4824 or Toll Free at +1 888-873-4747 or fill out our online quote form below. If you are a human seeing this field, please leave it empty.

What services does Iris Power offer?

Iris Power offers installation supervision and commissioning services for all sensors and instruments to ensure optimum performance and configuration. Onsite training sessions that cover your important topics, at your site and on your scheduled.

Who owns Iris Power LP?

In 2010 Iris Power LP was acquired by Qualitrol Corporation, a global leader for condition-based monitoring.

What is Iris Power LP ppm-97 Corona probe?

The present IRIS POWER LP - A QUALITROL COMPANY PPM-97 CORONA PROBE is based on the original TVA design to ensure similar readings over the years with the same PD activity. The test can be applied to generators, motors and synchronous condensers irrespective of their nominal voltage or power, on site or at the factory.
