Where is the first solar power project in Ivory Coast?

The project will be the first solar Independent Power Project (IPP) in Ivory Coast and will be located at the city of Bondoukou in the north-eastern region of Gontougo, located 420 km northeast of Abidjan.

How many MW is a solar power plant in the Ivory Coast?

The authorities in the Ivory Coast have completed a 37.5 MW solar plant, with a second development phase now underway to increase its capacity to 80 MW. The first phase of a solar power plant in the northern part of the Ivory Coast has been inaugurated.

Will AMEA power install a solar PV project in the Ivory Coast?

According to AMEA Power, the installation will be the first solar independent power project in the Ivory Coast. Image: AMEA Power. Middle Eastern renewable energy company AMEA Power has signed an agreement with the Ivory Coast government for a solar PV project.

How much solar power does Ivory Coast have in 2023?

Ivorian Energy Minister Mamadou Sangafowa Coulibaly has also revealed plans to expand the capacity of the Boundiali plant to 80 MW. According to the International Renewable Energy Agency (IRENA), Ivory Coast had 46 MW of installed solar at the end of 2023. This content is protected by copyright and may not be reused.

How much does the Ivory Coast electricity project cost?

The project, which has a total cost of EUR 75.6 million (\$81.8 million), is expected to power 70,000 homes, saving 60,000 tons of CO<sub>2</sub> equivalent per year. It is creating more than 300 direct and indirect jobs during construction. The project is part of efforts to diversify electricity production in the Ivory Coast.

What is the largest solar power plant in West Africa?

In November 2022, AMEA Power announced that it will be creating the largest solar plant in West Africa by extending the 'Mohammed Bin Zayed Solar Power Plant' in Togo from 50 MW to 70 MW, which will be supported by battery storage to extend the availability of clean energy at night.

The government of Côte d'Ivoire collaborates with PFO AFRICA in a historic initiative, signing agreements for a 52 MWp photovoltaic solar power plant. Representing the largest independent power producer (IPP) project in Ivory Coast, the FERKE SOLAR venture underscores the nation's commitment to sustainable development, energy independence, and ...
