

Kinetic energy ltd British Indian Ocean Territory

What is gkinetic technology?

GKinetic's technology is ideally suited to island applications. The device is floating and can be moored like a boat. Due to its innovative design, it does not require blocking flows or major civil works. It can be deployed in sites as shallow as 1.8m.

How does gkinetic work?

GKinetic are leading developers of innovative, patented turbines that work with nature to generate 100% clean, predictable energy from free-flowing water. We offer a clean, sustainable alternative to diesel generators and unlike competing hydrokinetic devices, our turbine works at average, lower flow speeds.
