

Leading company in solar energy Bhutan

Can solar power plants help Bhutan achieve energy security?

The solar plant in Rubesa is one such initiative which takes Bhutan a step closer to achieving energy security through a diversified and sustainable energy supply mix. The project particularly demonstrates viability of solar power plants on a utility scale.

Why should Bhutan invest in solar power?

Like hydropower, sun is a bountiful resource Bhutan can tap into for producing renewable energy in keeping with our carbon neutrality commitments and also for enhancing energy security through diversification of energy sources. The commissioning and inauguration of the 180kW grid-tied ground mounted solar photo-voltaic power plant

Who inaugurated a solar power plant in Bhutan?

4 October 2021: The Chairperson of the National Council of Bhutan, Lyonpo Tashi Dorji, inaugurated the 180 kW grid-tied ground mounted solar photo-voltaic power plant at Rubesa, Wangduephodrang today.

Who is the chief guest of Bhutan Solar Initiative project (BSIP)?

The Prime Minister Dasho Dr Lotay Tshering was the Chief Guest. Bhutan Solar Initiative Project (BSIP) set up under Royal Command has implemented two Solar PV Projects in Thimphu. 250kW Rooftop Centenary Farmers Market (CMF) and 500kW Ground mounted at Dechencholing.

Is grid-tied solar a viable alternative energy source in Bhutan?

The commissioning and inauguration of the 180kW grid-tied ground mounted solar photo-voltaic power plant marks the start of Bhutan's investment in grid-tied solar energy as a viable alternative energy source in the face of soaring domestic demand and climate change.

How is Bhutan achieving energy security?

Bhutan is undertaking various initiatives to broaden its energy mix by exploring other clean, renewable energy sources. The Solar Plant in Rubesa is one such initiative which takes Bhutan a step closer to achieving energy security through a diversified and sustainable energy supply mix.

The newly formed Reliance Enterprises has partnered up with Druk Holding to jointly develop a 500 MW solar power plant in Gelephu Mindfulness City, Bhutan. This project will be executed over the next two years in two phases of 250 MW each. Once completed, the solar plant will be Bhutan's largest PV installation.

Reliance Enterprises and Druk Holding have announced plans to develop a 500 MW solar power plant in Gelephu Mindfulness City, Bhutan. The project will be executed in two phases, with each phase delivering 250 MW of solar power. Once completed, this will become Bhutan's largest PV installation.

Leading company in solar energy Bhutan

Bhutan Solar Initiative Project (BSIP) set up under Royal Command has implemented two Solar PV Projects in Thimphu. 250kW Rooftop Centenary Farmers Market (CMF) and 500kW Ground mounted at ...

The Solar Plant in Rubesa is one such initiative which takes Bhutan a step closer to achieving energy security through a diversified and sustainable energy supply mix. The project particularly demonstrates viability of solar power plants on a utility scale.

The Sephu Solar Project will be Bhutan's first mega solar power plant and once it is completed, the plant is expected to generate 26.15 million units of energy earning an annual revenue of Nu 132.29 million. The plant will have the capacity to reduce 24,495.5 tonnes of carbon dioxide emissions if the plant-generated energy is exported.

The commissioning and inauguration of the 180kW grid-tied ground mounted solar photo-voltaic power plant marks the start of Bhutan's investment in grid-tied solar energy as a viable alternative energy source in the face of soaring domestic demand and climate change.

500 MW Solar Project: The newly formed Reliance Enterprises has partnered up with Druk Holding to jointly develop a 500 MW solar power plant in Gelephu Mindfulness City, Bhutan. This ambitious project, set to be executed over the next two years in two phases of 250 MW each, represents a significant milestone in Bhutan's renewable energy journey.

Solar Power Solutions Pvt Ltd is the leading solar company in Bhutan. As one of the best-known solar EPC companies in the country, we specialize in providing comprehensive solar solutions. Whether you are looking for solar installation, solar energy systems, or ...
