Who is Troes Corporation?

Founded TROES Corporation with the mission to innovate in the energy storage industry. Launched the first prototype of our Battery Energy Storage System (BESS). Selected as one of the top "5 high growth potential companies" by Canada's largest hardware focused incubator-VentureLAB.

Who are the competitors of Troes?

Fluence, BYD Energy, Energport, and Hitachi are competitors of TROES. Discover how our experts ensure you're getting the most accurate financial data in the industry. Our data operations team has logged over 3.5 million hours researching, organizing, and integrating the information you need most.

Who invested in Troes?

MobilityFund, Ontario Centre of Innovation, SAIC Capital, EcoCanada, and OVIN are 5 of 27 investors who have invested in TROES. Who are TROES's competitors? Fluence, BYD Energy, Energport, and Hitachi are competitors of TROES. Discover how our experts ensure you're getting the most accurate financial data in the industry.

Who is the founder of Troes?

Vienna Zhou and Dennis Santos are the founders of TROES. Who is the CEO of TROES? Vienna Zhou is the CEO of TROES. Where is TROES headquartered? TROES is headquartered in Markham, Canada. What industry is TROES in? TROES's primary industry is Electrical Equipment. Is TROES a private or public company? TROES is a Private company.

Who is the CEO of Troes?

Vienna Zhou is the CEO of TROES. Where is TROES headquartered? TROES is headquartered in Markham, Canada. What industry is TROES in? TROES's primary industry is Electrical Equipment. Is TROES a private or public company? TROES is a Private company. What is the current valuation of TROES? The current valuation of TROES is 00.000.

What is the current valuation of Troes?

The current valuation of TROES is 00.000. What is TROES's current revenue? The current revenue for TROES is 00000. How much funding has TROES raised over time? TROES has raised \$4.04M. Who are TROES's investors? MobilityFund, Ontario Centre of Innovation, SAIC Capital, EcoCanada, and OVIN are 5 of 27 investors who have invested in TROES.

With the transportation of BESS accounting for up to 15% of a project's cost, careful consideration is needed to ensure the right solution, writes Vienna Zhou, founder and CEO of Canada-based commercial & industrial (C& I) specialised system integrator TROES Corp.
