

6 · Montenegro's Elektroprivreda Crne Gore (EPCG) has upped the ante for its first battery energy storage tender. In a pioneering move for state-owned utilities in the Balkans, Montenegro's largest power utility, EPCG, is planning to launch a large-scale, battery energy storage procurement exercise by the end of 2024.

From ESS News. In a pioneering move for state-owned utilities in the Balkans, Montenegro's largest power utility, EPCG, is planning to launch a large-scale, battery energy storage procurement ...

Uhome Smart Energy (Wuxi) Co.,Ltd, a global leader in lithium-ion battery development and manufacturing, is committed to providing advanced solutions for global new energy applications. Its business covers R& D, as well as manufacturing and sales in battery systems for energy storage systems.

The Aobo Uhome batteries have very limited performance reduction compared to many Lithium batteries; they remain at full capacity down to zero degrees. In addition, each battery has superior charge and discharge rates of 30Amps which means faster charge and discharge capability.

Easily connectable to the internet with a modem prebuilt into it, the Uhome low voltage battery gives bi-directional control with other connected devices, with upgrades automatically. With a life span of 15 years and compatible with a range of controller brands, the battery is the perfect addition to any wider system.

4 · Montenegro's state power utility intends to invite bids by the end of the year for the installation of battery energy storage systems. Search. x. Srpski; English; About Us; ... EPCG will announce a public call for the procurement of battery energy storage systems (BESS) with a capacity of 300 MWh," he said, according to EPCG. ...

Uhome Smart Energy (Wuxi) Co., Ltd. is located in Huishan District, Wuxi City, Jiangsu Province, China, mainly R& D and manufacture lithium-ion battery for residential energy storage systems and small industrial and commercial energy storage system.

Global Battery Alliance launches Battery Passport pilots The Global Battery Alliance (GBA) has just launched the second wave of its Battery Passport pilots, which includes 11 pilot consortia. This second wave will establish the Minimum Viable Product of the GBA Battery Passport with a product-level ESG (Environment, Social, Governance) score.
