Hisem New Energy Technology Co., Ltd. was established in 2009, with 16 years of experience in solar panel production. Our main products include solar panels, hybrid inverters, energy storage batteries, and other solar energy products.

I?m from Hisem New Energy Co., Ltd. We are a professional manufacturer of solar panels. We started production in 2009. We have done OEM for first-line brands many times. Now the company has an annual output of 300MW. We hope to have the opportunity to cooperate.

From 2020, the company will introduce and upgrade advanced production equipment, realize the full automation of component manufacturing, and continuously develop and produce component products with greater power and conversion efficiency, with a production capacity stable at 600MW, and further expand the sales channels and market share.

Founded in 2009, Hisem New Energy Co., Ltd is a Sino-Foreign venture mainly engaged in R& D, production, installation of photovoltaic cells, photovoltaic modules and relevant products for PV application.
