

Peninsula energy solutions Austria

What is Peninsula Energy?

Peninsula Energy is an ASX-listed uranium mining company that commenced in-situ recovery operations in 2015 at its 100% owned Lance Projects in Wyoming, USA. The company is embarking on a project transformation initiative at the Lance Projects to change from an alkaline ISR operation to a low-pH ISR operation.

Who is Peninsula Energy FZE?

Peninsula Energy FZE is a fledgling company based in Umm Al Quwain, United Arab Emirates. For long time our team has been working among the most recognized leaders on the shipping market and we keep our eyes on the ball

What is Peninsula's new website?

Peninsula has also launched a new website -. The site is a complete re-vamp of content and represents the company, more accurately, as a marine energy provider. The inclusion of '360' is a recognition of Peninsula's relentless pursuit of value-adding stakeholder solutions.

What does the new Peninsula brand represent?

It is vital that the new brand properly represents our ability to structure marine energy solutions, utilising all tools at our disposal to deliver the quality and flexibility for which Peninsula is synonymous. At present our transition fuel of choice is LNG and we are actively expanding our supply options and infrastructure.

Why is Peninsula rebranding a 'Green Marine' Company?

After successful transition into a low-sulphur marine fuels environment in 2020, the road to 'zero carbon emissions' represents a new challenge for bunkering and has been a major catalyst for Peninsula's rebrand. The group's dynamic and professional approach will secure its leadership status in 'green marine'.

How has Peninsula achieved sustained growth?

Over the course of the last 25 years, Peninsula has achieved sustained growth by building a global customer portfolio of leading ship operators and by supplying these customers from an integrated supply chain that guarantees quality of product and service.

Our mission at Peninsula Energy FZE is to consistently deliver top-tier, safe, and eco-friendly ship management and operation solutions that align with both international and national legislation.
