

Photovoltaic inverter Costa Rica

An inverter converts the direct current (DC) from the solar panels into alternating current (AC) required by a home or business" appliances, and, if the panels connect to the National Grid ("grid-tie"), the inverter must meet a number of performance criteria and specifications.

Inverters are like the brain of the system - in charge of transforming the DC generated by the solar panels into usable AC. At Avolta Energy we mainly use products from the German brand SMA, the most prestigious manufacturer of inverters in the solar industry.

Discover top-tier Solar Installer Specialists at Costa Rica Solar Provider. Weexcel in Solar Distribution and offer cutting-edge Solar Panels Solutions for a sustainableenergy future. Trust us for expert solar installations and reliable renewable energy solutions.

IntiTech Solar is one of the first Costa Rica Solar Systems installation companies starting in Costa Rica's Osa Peninsula in 1999. We're ready to help customize a Costa Rica solar system to meet your individual needs.
