

Pitcairn Islands dokio solar panel

Can solar energy replace fossil fuels on Pitcairn Island?

Pitcairn's authorities have launched a renewable energy project designed to replace fossil fuels with solar energy. The goal is to replace 95% of the current diesel consumption on Pitcairn Island (75,000 liters per year) with a combination of energy saving and solar electricity through the installation of a hybrid photovoltaic solar energy system.

Who is dokio solar?

DOKIO is an international brand of photovoltaic modules registered in Madrid, Spain, with more than 15 years of experience in the production and sales of solar panels and a wide range of customers from 50 countries in the world, which takes achievable goals as a national high-tech enterprise and a national specialized new incubator.

Are the Pitcairn Islands Green?

Pitcairn Islands, a group of five islands with a total area of 47 km² and which constitute one of the most remote archipelagos in the world, turn to safer, greener energies that best meet the needs of the population. Pitcairn's authorities have launched a renewable energy project designed to replace fossil fuels with solar energy.

Who is dokio green energy power?

Welcome to the DOKIO Green Energy Power, let's join together! At present it has more than 100 products designs and invention patents, and the current products series involves photovoltaic roof systems, balcony solar systems, flexible solar panels, portable folding solar panels and others.

What is a dokio 100W monocrystalline solar panel?

These items are dispatched from and sold by different sellers. DOKIO 100W Monocrystalline Solar Panel is a plug and play system with an DOKIO 10A Controller. The 10A controller is compatible with 12V systems and has an easy to read LCD display.

What is a dokio 100W monocrystalline solar suitcase?

The DOKIO 100W Monocrystalline Solar Suitcase is integrated with highly efficient Monocrystalline panels handy traveling bag, making this a perfect portable solar system. Charging anytime and anywhere, where there is strong sunlight will provide electricity to this device. It can also be regarded as a gift to your family and friends.
