Providing Maldives resorts a full solar power solution, Atoll Solar ensures you reap the maximum return from your solar energy investment. From installation to maintenance, our trained and certified team is committed to make solar power a seamless process for your property.

The decentralized structure of the Maldives, with its many dispersed islands, makes off-grid solar solutions highly appealing. Solar mini-grids and standalone systems offer reliable electricity to remote communities where extending the central grid isn't feasible. 13 There is a growing interest from investors in the off-grid solar market, as evidenced by the 58 ...

Prices of solar panels under "Magey Solar" program and payment details. (Photo/Environment Ministry) The price of three kilowatt solar PV systems has been placed at MVR 45,000 while the price of five kilowatt solar systems has been placed at MVR 75,000. As per Fenaka, the purpose of the program is to reduce the expenses incurred by the public ...

Fenaka, in partnership with the Ministry of Climate Change, Environment and Energy, has officially launched the Magey Solar program, an ambitious initiative aimed at harnessing solar energy by installing photovoltaic (PV) systems on the rooftops of private homes across the Maldives.

Avi Technologies is a company dedicated for electrical engineering related services. Our main specialities are solar PV Systems, uninterruptible power supplies and other renewable energy services.

The project offers both single-phase and three-phase systems of 3 and 5 kilowatts, with prices set at MVR 45,000 for a 3 kW system and MVR 75,000 for a 5 kW system. Residents may choose to pay the full amount upfront or opt for an instalment plan spanning five years, with monthly payments included in the electricity bill.
