Produce your own energy, save money & reduce your carbon footprint with Sunworks - Jersey's first dedicated energy optimisation provider. With over 550 local solar installations we are the trusted choice for homeowners and businesses wanting to invest in the future.

Government of Jersey are overall supportive of solar and in most cases you can cover upto 90% of a roof plane without seeking permission. If you live within a listed building, listed site or potential building of interest in Jersey you will always require planning permission and we recommend seeking pre-planning advise from the department.

In September 2020 we sealed a second partnership to generate another half a million units a year of local solar power when we signed a 25-year lease to install and operate a solar photovoltaic (PV) array the roof of Jersey Dairy.
