

Singapore calico energy

Working across the energy sector, Calico has solved some of the industry's most complex energy data aggregation and usage system problems. Today, the company continues to pursue big challenges, providing strategic and technical solutions built to meet market needs.

Calico's Utilibridge(TM) solution creates verified building level utility data, connecting utilities with the buildings they serve and enabling the ecosystem that powers, owns, manages, serves, regulates, and inhabits the built world.

As a leader solving some of the energy industry's most complex data aggregation and access problems, we know collaboration across sectors is essential. Our proven whole building data solution,...

Calico's consultants combine an understanding of regional culture and business practices with global recruiting experience. Based in Singapore, we are ideally placed to support recruitment for local and international businesses that are established as well as recruit for global companies that are new to the region.

Calico Energy is a mission driven company focused on scaling energy solutions and decarbonization. We think outside of the box and work to make the world a better place. As a leader solving some of the energy industry's most complex data aggregation and access problems, we know collaboration across sectors is essential.

Calico Energy is a mission driven company focused on scaling energy solutions and decarbonization. Moreover, direct and indirect emissions from buildings rose to 10 GtCO₂ globally in 2019, the largest amount ever recorded and a serious threat to our climate.

At Calico, we go beyond the typical consultancy approach to help utilities manage and manipulate the data they need for successful programs, new technology and more. We're energy experts, data and software engineers, and market and business strategists.
