Do solar companies in Singapore use sub-contractors?

Many solar companies in Singapore (big or small) manage the client-facing portion & use sub-contractors for projects for convenience sake. It would benefit you to go directly to us as we are more than glad to share the savings with you! Go to our blog to learn more!

What is a mobile solar PV container?

High-efficiency Mobile Solar PV Container with foldable solar panels, advanced lithium battery storage (100-500kWh) and smart energy management. Ideal for remote areas, emergency rescue and commercial applications. Fast deployment in all climates.

How solar energy can help you save money in Singapore?

It's all about how Solar Energy can help you save money in Singapore! Cost of solar in Singapore typically increases when there are multiple contractors in a project (eg: sub-contractors), or when a company has high operating cost (eg: high headcount). We add value by maintaining a core team which is lean, quick & efficient.

What is Singapore solar Exchange (SSX)?

Since its incorporation in 2010, Singapore Solar Exchange (SSX) has connected the global PV industry through spot physical trades. From 2010, when we pioneered spot trading in PV materials, until 2022, SSX traded polysilicon, wafers, cells and modules with its network of buyers and sellers in the spot market.
