Who is smart energy?

Smart Energy is one of Europe's leading integrated solar energy companies in the fields of turnkey installation services, solar power plant investments and PV module production. Founded in 2009 and based in Istanbul, Smart Energy is operating with its branches in Türkiye, Romania, Greece, Bulgaria, Germany, Switzerland and Ukraine.

Who is smart solar technologies?

Smart Solar Technologies, one of Europe's leading integrated solar energy companies in the fields of turnkey installation services and PV module production, offers a wide range of solar energy solutions.

How many employees does smart solar technologies have?

As to date, the company has more than 1,000 employees and has been certificated as the responsible company in the sphere of human rights at work. Smart Solar Technologies is listed on the BIST50 Board of the Istanbul Stock Exchange in 2023.

Who is solar energy company?

Founded in 2014 in Istanbul, the company has been operating with a bold mission to foster sustainable future to accelerate decarbonization through innovation and science. It engages in the manufacture of solar photovoltaic modules and provides solar energy solutions focusing on the R&D.

Smart Solar Technologies is one of the most innovative solar technology companies in the world. Founded in 2014 in Istanbul, the company has been operating with a bold mission to foster sustainable future to accelerate decarbonization through innovation and science.

We produce high efficiency photovoltaic solar panels based on crystal silicon cells for use in field and rooftop solar plants. The highest quality standards are ensured in both standard and glass-glass solar panel production through the use of Multi Busbar, PERC, Half Cut Cell and Bi-Facial cell technologies on our cutting-edge automatic ...

AIIB will partially finance the capital expenditure of a new 1,500 MW/year solar cell and 1,200 MW/year solar module manufacturing facility, in Izmir, Türkiye (Aliaga Facility or the Project). The Project is being developed by Smart Enerjisi Teknolojileri Ar-Ge ve Ticaret A.Ş. (Smart Enerjisi), a leading solar module ...
