

# Solar battery banks for home Zambia

It is our mission to empower Zambia by providing energy solutions with our main focus on inverters with battery banks and solar panels. In conjunction to power alternatives, Ganesh Power Solutions offers a full range of Electrical solutions to match our clients' needs.

Our PV solutions combine the solar array and the inverter with a battery bank and/ or a diesel generator. Batteries enable the systems to store solar power and utilize it even at night time. Hence, "on-grid PV systems" can secure your electricity supply during load shedding and at the same time money can be saved as electricity tariffs/ diesel ...

Established in 2017, Damungu Zambia is a renewable energy company that supplies a wide selection of solar equipment including solar panels, mounting and racking systems, solar batteries, inverters, charge controllers and lights. The company also offers professional design and installation services of all solar equipment and related accessories.

ENGIE Energy Access Zambia offers expandable solar home systems, providing lighting, phone charging, TV, radio and more, financed through affordable instalments via mobile money (MTN). We enable those seeking clean, off-grid energy to access both power upgrades and other life-changing loans.

Freshtec Energy Zambia is a subsidiary of Freshtec Energy South Africa, specialising in the wholesale and retail sales of solar equipment ranging from inverters, panels, batteries and all the solar accessories to installers and to the general public.

The Solar Guys Zambia bring you the latest in Solar Technology with the latest Freedom Won Lithium Batteries, Victron Energy Solar Equipment and Canadian Solar Panels. We offer high quality solar installations from battery back up to full off Grid turn key solutions.

Do you want solar power at fair prices? In Zambia, MySol (a brand under ENGIE Energy Access) offers a range of solar home systems to provide off-grid electricity solutions. These systems are designed for households and small businesses, especially in areas with limited access to grid power.

The company specializes in small, medium and large scale solar, power back-up and hybrid solar systems. Solar energy can be implemented in a wide variety of day to day activities for usage in homes, businesses, hospitals etc. Solar systems can be used for indoor and outdoor lights, computers, TVs/decoders, fridges and freezer, electric fences ...
