When is the EU PVSEC 2023?

In 2023, the EU PVSEC will be held in the CCL Lisbon Congress Centre, in Lisbon, Portugal from 18 - 22 September 2023, coordinated by the European Commission Joint Research Centre. The EU PVSEC is the world's leading forum for PV Research and Development and the biggest Conference on PV Solar Energy worldwide.

What will the European solar industry look like in 2023?

Munich/Pforzheim, May 16, 2023 - a sunny outlook for the European solar industry: With 41.4 gigawatts (GW) of newly installed capacity in 2022, the growth of the European market was 47 percent above the previous year. At the world's leading exhibition for the solar industry, these positive developments will be palpable.

When is Intersolar Europe 2023?

Intersolar Europe and the parallel events EES Europe, EM-Power Europe and Power2Drive Europe will all take place from June 14-16, 2023, as part of Europe's largest platform for the energy industry, The Smarter E Europe, at Messe München.

What is the 2023 exhibition?

The 2023 exhibition will be held in conjunction with the conference, attracting approximately 250 domestic/international vendors occupying 50,000+ square feet of Exhibit Space, including large islands.

How many people are attending the solar Expo 2022?

Over 85,000 visitors from 160 countries are expected to attend the event. 2022 was an excellent year for the global solar industry: The number of new installations broke all records and the globally installed electrical PV capacity reached the one terawatt milestone.

What is Intersolar Europe?

The exhibition offers the ideal opportunity to explore the latest trends, technologies and business models while meeting the industry's visionaries and decision makers. Intersolar Europe is part of The Smarter E Europe and will take place alongside EES Europe, Power2Drive Europe and EM-Power Europe from June 14 to 16 at Messe München.
