

What is the largest solar power plant in Portugal?

On 9 October 2021, the largest solar power plant in Portugal was inaugurated in Alcoutim. With an installed capacity of 219 MW, the power plant has 661,500 solar panels and can power the needs of 200,000 homes. It occupies an area of 320 hectares and will prevent the emission of 326,000 tons of carbon dioxide every year.

Who is SolarPro holding?

Solarpro Holding is a leading provider of various solutions for generation, systems integration and storage of solar energy. The company is the largest EPC and O&M player in the photovoltaic industry in Eastern Europe, with significant presence in other main EU markets, such as the Netherlands, Germany, France, Portugal etc.

Is solar power a growing source of energy in Portugal?

Solar power is a growing source in the Portuguese energy mix. At the end of 2020, solar power installed capacity totalled 1.03 GW and represented 3.6% of total power generation in 2020. Portugal has set a goal of between 8.1 GW and 9.9 GW in installed capacity by 2030.

How much solar power does Portugal have in 2020?

At the end of 2020, solar power installed capacity totalled 1.03 GW and represented 3.6% of total power generation in 2020. Portugal has set a goal of between 8.1 GW and 9.9 GW in installed capacity by 2030. The Serpa solar power plant is an 11 megawatt plant covered 150 acres (0.61 km<sup>2</sup>) and employs 52,000 PV panels.

How much do solar panels cost in Portugal?

The prices for surplus solar energy range between 4 cent and 8 cent in Portugal. It does not really compensate the investment. So you should only install the solar panel system based on your own consumption needs. It does make sense to install as well a battery. In Portugal you will need a lot of energy as well during the night.

When will small scale solar installations come to Portugal?

In addition to tenders for large scale power plants, Portugal has set a framework for the installation of small scale rooftop solar installations which came into force in January 2020.
