Solar energy offers a sustainable, renewable, and abundant power source for the island of Guam. Solar power is mainstream, and with a Federal Tax Credit of 30%, the time is now to invest in a solar system that will lower your power bills, increase the value of your home, and reduce greenhouse gas emissions.

Solar panels are priced per watt. If you install them yourself, expect to pay around \$3 per watt. However, installing them can be difficult. It may cost anywhere between \$5 and \$9 per watt to have the panels installed. Using the above information we can estimate the cost of installing solar energy in an average home for example:

We design and build high-efficiency, cost effective solar panel systems. Lower your carbon foot print, increase the value of your home or business, and SAVE MONEY! Guam and Micronesia's source for residential and commercial green energy solutions.

Solar Panels, Equipments and labor are included with every system at no additional cost. In the event of a typhoon there is no need to panic. All our systems are engineered to withstand winds up to 195 MPH.

Discover reliable solar solutions with Solar Spot Guam. We specialize in solar panel installation and renewable energy systems, serving Guam with sustainable energy options tailored to your needs. Explore our services and take the first step towards energy independence today.
