Based in Dominica, we offer products, installation and maintenance services. We offer a range of solar systems specially designed and tested for tropical conditions, from the most compact one able to power a simple phone/laptop/ ...

Invest in a home photovoltaic system and enjoy energy independence, savings, and environmental protection. A home photovoltaic system is a set of solar panels that convert solar radiation into electricity. You can choose an off-grid system, which is not connected to the power grid, but to batteries that store excess energy.
