TIMES is a least-cost model where wind is marginally lower cost than solar over the coming decades. Therefore, TIMES allocates more future electrical generation to wind until the price of solar ...

Plans have been revealed for what's believed to be New Zealand's largest solar farm. The joint British-New Zealand venture has consent to build the 182ha Tauhei Solar Farm near Te Aroha in Waikato. Expected to start construction this year, it aims to provide power for the equivalent of 35,000 homes.

The bill includes the 420 MW Point Solar Farm, which Far North Solar is developing in the Canterbury region, Energy Farms' 76 MW Wellsford Solar Farm project near Auckland, and the 88 MW ...
