

Solar system fotovoltaico Isle of Man

We have identified a number of sites across the public estate which have a high potential for solar production. These include public buildings and car parks. In total, 10MW of publicly-owned front-of-meter solar generation will be connected to our network by 2026.

Isle of Man Solar is a renewable energy company offering state-of-the-art solar solutions and certified and approved installation services for many products on our website. Our fully compliant engineers will carry out all the work.

Manx Solar Electrical are the Isle of Man's exclusive Stiebel Eltron service partners. We are also a Mitsubishi ASHP service partner and Dimplex approved and accredited installers. Our engineers install high performance JA Solar / REC and Sun Power solar modules together with SolarEdge optimisers and inverters.

At Manx Eco Installations, we specialise in providing tailored solar solutions for the Isle of Man. Experience these benefits firsthand by partnering with us to embrace solar power's potential. Contact us today to learn how solar energy can transform your property into a beacon of sustainability in the Isle of Man.

At Nexiom Ltd, we are experts in the installation of renewable energy on the Isle of Man, including solar photovoltaic panels (Solar PV), which can be used to power your home, leading to savings on your electricity bills and reducing your carbon footprint.
