

Solargroup com Palau

Innovating Sustainable Operations. Resilience. Water Management. Waste Management. Biodiversity. Reinforcing Safety & well-being. Product Safety and Ethics. Employee Health and Safety. Sustaining Long Term Relationship. Value Chain Sustainability

A rare confluence of innovations and initiatives defines Solar Industries. Technical prowess and deep domain expertise enable us to develop next-generation explosive devices and ammunition.

With our international backing and local engineering workforce based in Palau, we're uniquely positioned to deliver sustainable power that meets the specific needs of island communities. Find out more

Company profile for installer Palau Solar Corporation - showing the company's contact details and types of installation undertaken.

Our team at Palau Solar can have you up and running in no time. Homes with solar panels are generally worth more than those without, so if you're a homeowner, you'll be adding value too. You'll also be doing your bit for Palau, the environment and the planet to help give your family a cleaner, brighter, more energy-efficient future.

Palau Solar is a subsidiary of Utiligence, created to design, supply and install domestic solar power throughout the archipelago of the islands of Palau. Through a project with the Asian Development Bank, Palau Solar is transforming the islands with renewable energy.

Our Mission. To provide innovative technology and services through Research and Development. To contain product and service costs through constant re-engineering and improvement in all business processes.
