What makes Sun King a great solar company?

The company's customer-focused approach and commitment to affordability drove its rapid growth across Africa and Asia. Today, Sun King operates the world's largest direct-to-consumer, pay-as-you-go (PAYG) solar distribution network, growing by 150,000 new clients per month across seven countries.

Is Sun King a profitable company?

Despite its rapid expansion, Sun King has remained consistently profitable. According to GOGILA, the global association for the off-grid solar energy industry, Sun King now accounts for 38% of industry-wide PAYG solar revenue. This growth has eliminated 22 million tons of carbon dioxide emissions and saved consumers \$4.4 billion in energy costs.

What does Sun King do?

The company also intends to introduce new products and technologies to further enhance the value of solar energy for its customers. Sun King's founders set out to create affordable, reliable, and clean energy solutions for off-grid communities.
