

Sunmate solar Samoa

Who is sunmate solar?

Unlock the opportunity of savings with us! Sunmate is an Australia-based solar company specialized in residential and commercial solar systems. With 10+ years of experience, Sunmate provides homeowners, businesses and communities with simple and affordable clean energy. © Copyright "Sunmate Solar" 2023.

Does Samoa have a solar power station?

MPower was awarded a contract to deliver a fully operational 5.0MW solar power station across two sites in Samoa. The first site at Faleolo International airport has a 3MWp solar PV ground mount system. The second site at Faleata Race Track has a 2MWp solar PV group mount system.

What is solar for Samoa?

The Solar for Samoa project set the benchmark for quality solar power projects in the South Pacific. The two sites will provide up to 27% of the network power during peak output. MPower has successfully delivered a wide range of renewable and conventional power systems across the region.

Why should you choose sunmate solar?

Sunmate Solar provides digital, data-driven processes to install your residential solar systems with our extensive range of high-quality products. Exceptional customer service. Sunmate provides quality solar products with multiple brand options suitable for all residential systems.

Who managed the Solar for Samoa project?

The project was managed by MPower's construction manager, project manager and HSE managers and carried out by local staff (peaking at 220) in Samoa with regular visits from MPower's team in Sydney. The Solar for Samoa project set the benchmark for quality solar power projects in the South Pacific.

Sunmate is an Australia-based solar company specialized in residential and commercial solar systems. With 10+ years of experience, Sunmate provides homeowners, businesses and communities with simple and affordable clean energy.

Find solar panel locations in Samoa through our Samoa solar farm map. Analyze the main characteristics of solar farms in this country, sort these by capacity, panels area and landscape area. Discover the largest solar farms in Samoa and find solar farms near you.

Solar Panel: 5V40W - High-efficiency monocrystalline silicon cells for optimal solar energy conversion. Battery Capacity: 116Wh - A lithium iron phosphate (LiFePO4) battery with a long lifespan and low self-discharge rate. Charging Time: 5-7 hours - Quick replenishment of energy to ensure uninterrupted lighting.
