

Suriname water storage engineering company

How does World Waternet support the Surinaamse Waterleiding Maatschappij?

World Waternet supports the Surinaamse Waterleiding Maatschappij (SWM) in strengthening Suriname's drinking water supply. The partnership focuses on improving the performance of the La Liberté water treatment plant and building SWM's internal capacity in project management, asset management, and risk management.

What does the La Liberté project mean for Suriname?

The project strengthens operational excellence at the La Liberté water treatment plant and develops SWM's expertise in asset management, risk management, and climate adaptation. The goal: reliable, safe, and sustainable drinking water for Suriname's future.
