What is the AE solar installation and operation manual?

1.1. Overview This installation and operation manual (hereafter also referred to as the "Manual") provides important safety information regarding the installation, handling, mounting, wiring, and maintenance of AE Solar photovoltaic modules. Please ensure that this Manual is available to the operator at all times.

How much space does a translated Manual take up?

In other words, the text of your translated manual can take up more space than the original. Take German as an example. When you translate a manual from English into German, the text volume can increase to 35-40%. If your layout is only oriented to the original language, the translated text may not fit.

Are manuals easy to translate?

Given the technical nature of the texts, manuals are not always easy to translate quickly. Apart from the content, you also need to worry about reproducing the translation in the original layout and design. You're sending documents back and forth, cross-referencing, as well as copy-pasting translations into text boxes.

Do you need a translation management system?

Translating manuals can be a complicated and sometimes joyless task, but it certainly doesn't have to be. By using a translation management system to structure your workflow, you can translate manuals faster and more accurately, no matter how complex they are.

How do I add a translator to my manual translation project?

Choose the translators you want to involve in your manual translation project. Invite them to the Redokun Web Editor. All you need to do is enter their email in the Pick a Translator field. They will instantly receive the notification in their inbox.

How does machine translation work?

The text of the manual is automatically segmented into small portions to simplify translation. Take advantage of Machine Translation tools integrated into Web Editor for a more exact and fact-paced translation process. You can get segment translation suggestions from Google Translate and DeepL.

This Manual should be passed on to all subsequent owners or users of the solar modules. If any questions are not satisfactorily answered within the Manual, please contact your system supplier.
