Offering Solar Panels, Battery Storage, Grid-Tied/Off-Grid systems, and EV chargers for Residential and Commercial properties, including homes, hotels, resorts, villas, factories, warehouses, and agricultural sites.

Contact Solar Energy Caribbean for expert solar and EV charging solutions in Trinidad & Tobago T& T. Whether you need solar panel installation, battery storage, or EV chargers for Residential, Commercial, or Agricultural properties, our professional team is here to help.

Applications which we offer for Solar are grid tie, off grid, standby power (when utility fails). AMBA Energy Limited can design a system to suite your application. While Solar PV is readily available in Trinidad and Tobago, irradiated heat is also available in abundance.

Lead-acid batteries are only 80%-85% efficient, depending on the model and condition. This means that if there are 1,000 watts of solar coming into the batteries, there are only 800--850 watts available after the charging and discharging process. Meanwhile, lithium-ion batteries are more than 95% efficient.
