

Virya energy Aruba

Who owns virya energy?

Virya Energy, established in 2019 by the Colruyt Group and Korys, operates across the sustainable energy value chain, with green energy production in Europe and Asia. Give your business an edge with our leading industry insights. Korys Investments has agreed to acquire an additional 30% stake in Belgium-based Virya Energy from the Colruyt Group.

Why did korys acquire virya energy?

Halle, 26th March 2024 - Korys reaches a 70% stake in Virya Energy through the acquisition of an additional 30% from the Colruyt Group. With a larger stake in the shareholder structure, Korys wants to give Virya Energy the opportunity to pursue its ambitious global growth plans in sustainable hydrogen, wind, solar, and e-mobility.

What is virya energy?

Virya Energy develops, finances, constructs, and operates sustainable energy assets. We accelerate the energy transition by scaling new technologies across the sustainable energy ecosystem. By delivering "fit for purpose energy," we ensure our renewable solutions match each client's specific needs, scale, and operational rhythms.

Does Colruyt Group own virya energy?

Colruyt Group's shareholding in the Belgium-based energy company will decrease from 59.94% to 30%. Korys aims to bolster Virya Energy's capacity to achieve its ambitious international growth objectives.

What is virya energy doing in Zeebrugge?

Virya Energy is developing a 25 MW power plant in Zeebrugge. Using renewable electricity, the site will produce hydrogen for industry, transport and injection as green gas into the Belgian gas network. The project will benefit from some of the world's most advanced electrolyser technologies and is one of Belgium's flagship projects.

Why is virya partnering with constant energy?

Virya Energy and Constant Energy forge a powerful partnership, significantly boosting Virya's global presence in renewables. With Virya now as the majority shareholder and having gained extensive access to capital, this alliance propels Constant Energy into a new era of growth and development.
