

Wisp fusion energy pool

How much energy do I need to buy a fusion reservoir?

25,000 Standing 25,000 to purchase. Energy cost is not affected by mods. Fused Reservoir counts as 3 summoned Reservoirs and Wisp is still limited to 6 total Reservoirs at once, meaning only 2 of the combined versions can be used at any given time.

How much energy does fused reservoir cost?

Costs 200% more Energy. Fused Reservoir is a Warframe Augment Mod / Exilus Mod for Wisp that allows her to spawn a fourth Reservoir with all three buffs at an increased energy cost. 25,000 Standing 25,000 to purchase.

Does a fusion reservoir mod increase her power?

Ability Strength and Ability Duration can be great for improving her Reservoirs and their effectiveness for her teammates, creating a tough choice between leaning toward one or the other. One such mod that many people take doesn't increase her power, but does do a lot for her ease of use. Here's how to get the Fused Reservoir mod in Warframe.
