

Zhongguancun solar container alliance summit

What is the China energy storage Alliance?

The China Energy Storage Alliance is a non-profit industry association dedicated to promoting energy storage technology in China.

Why did Energy Storage Summit Asia move from Singapore to Manila?

Returning for its third edition in 2025, the Energy Storage Summit Asia relocated from Singapore to Manila, in the Philippines. This shift reflects the country's emergence as a leader in energy storage deployment following the inaugural Green Energy Auction 4- the first auction to integrate Renewable Energy and Energy Storage Systems (IRESS).

When is the 2025 ZGC Forum annual conference?

Approved by the State Council, the 2025 ZGC Forum Annual Conference will be held in Beijing from March 27 to 31. Eleven deals were signed at the opening ceremony of the 2024 Zhongguancun International Technology Trade Fair in Beijing on Thursday, marking a fruitful start to the global technology trading event.

What is Zhongguancun International Advanced Technology Innovation Competition 2022-2023?

The 6th Zhongguancun International Advanced Technology Innovation Competition (2022-2023) focusing on 15 fields such as AI, biomedicine, VR and metaverse, attracting more than 2,500 projects from domestic and overseas, and international projects among all is about 30% in total.

What is the Energy Storage Summit?

The Summit connects the most influential investors, developers, policymakers, utilities, and technology providers shaping the future of energy storage. Building upon the success of previous years, our Summit offers a unique platform for professionals to connect, collaborate, and drive innovation.

What's happening at the Zhongguancun Forum & Canton Fair?

The Zhongguancun Forum and the Canton Fair act as two windows, collectively revealing the positive momentum of China's economy, Xinhua reported on Sunday. The guests of ZGC Forum include celebrities from academia, business and politics.
