Top brand new LiFePO4 cells, super safety. Supports wall mounted or floor stand installation. All around protection and unattended operation. 5 Years warranty, 6000+ cycles, 10+ years life design. 100A Smart BMS matches well with solar system. 51.2V battery Integrated with multiple communication protocols for 10+ brands of inverters.

Lithium batteries have a higher energy density, meaning they can store more energy in a smaller, lighter package. This makes them ideal for homes and businesses with limited space for battery storage. Higher energy density also means that lithium batteries can power devices for longer periods between charges, a crucial benefit for solar power ...
